CS-1 Ike Ferry demonstrates the various talents he has acquired in decorating cakes, for the homemaking students of Antioch High School. Fascinated by his productions are, from left, Mrs. Arlene Molinaro, home economics department chairman, Sally Steiskal and Lynn Naeder.

Apartment Units Get Board Okay

The Antioch Village Board of Trustees Tuesday night approved an apartment house complex for the north end of the village.

The board accepted the recommendation of the Antioch Zoning Board of Appeals that zoning change be granted to Donald

W. and Margaret L. Anderson.

The resolution calls for the rezoning of approximately 3 1/2 acres of land in about the 600 block of N. Main Street and extends back to the Soo Line Railroad tracks. The Zoning Board, in its approval, said that several property owners were present at the meeting but no objections to the rezoning was filed.

The property owners, in fact, stated that the construction of the apartment house complex would enhance the value of surrounding

property rather than deteriorate it.

Approval of the Zoning Board of Appeals was unanimous, it was reported.

The Village Board, on a motion by Richard Radke and seconded by J. Irving Walsh also voted unanimously for approval of the project.

The proposal would include fencing along the tracks for safety purposes.

Mayor Raymond Toft said the

(Continued on page two)

14 Named To College Committee

Fourteen members have been named to the newly formed advisory committee for nursing for the College of Lake County.

On the committee are Dr. Victor Steiner, Clinton Sherman, Dr. Howard Fricke, Mrs. Florence Zeman, Norman Jedele, Mrs. Josephine Schabowicz, Mrs. Marie Costello, Sister Helen Marie, S. Sp.S., Mrs. Margaret Harris, Mrs. Lola Sears, Mrs. Ethel Dancrow, Dr. Theodore Rozema, and Lary Vuilleumot.

Mrs. Costello was named chairman and Mrs. Zeman, secretary. The committee will provide close cooperation and better understanding of nursing education

(Continued on page five)

Weighted Vote Test Is Taken

The Lake County Board of Supervisors amended its rules at the regular December meeting and members cast weighted votes on a single resolution.

A friendly suit is expected to be filed to test the constitutionality of the plan, and determine if weighted voting fulfills the Supreme Court mandate of one man one vote.

Backers of the system maintain that a supervisor truly casts a vote representative of the number of constituents in his township, and thus, there could be no better apportionment.

Supervisors Kenneth Henke of Benton Township and Bruce Frost of West Deerfield Township said each member of the board voted according to the population he represents.

For example, the supervisor and one assistant from Libertyville Township represent a total population of 19,481 people or 9,740 each. On a scale of 1-100 the Libertyville supervisor cast a weighted vote of 97.

The supervisor from Newport cast a weighted vote of 21 since the population is 2,118 in his township.

(Continued on page two)

Residents of Antioch Grade School District gave the board of education a Christmas present last Saturday by approving a \$1,675,000 bond issue for construction of a new middle school building.

The vote was 378 to 316 with only 3 spoiled ballots.

Residents of the district stayed true to form as no bond issue for the grade school has ever been turned down, observers reported.

The passage will allow the board to construct a building to house all of the district's sixth, seventh and eighth grade students under one roof.

Supt. W. Richard Whitacre, obviously pleased with the results of the vote, said there was a lot of hard work that went into an effort to reach the voters in the district that covers 35 square miles.

"It was the work of the faculty, the parents and the school board that led to the passage of the bond issue," Whitacre said. "We could have never completed the job without the cooperation of all three groups."

The new school will be built on a 52-acre plot on Rte. 173 west of the village.

In the works at the present

time are plans to annex the property to Antioch to insure the school with water and sanitary facilities.

Whitacre said a topographical survey of the site has already been completed and that only the decision of the architect and the engineers is awaited to finalize the location of the building on the property.

"We need this proposed building because we are already overcrowded, to say nothing of future increases in our enrollment," the superintendent said.

"And new industrial growth in the Antioch area is going to make the problem more acute. We already have 1,302 children enrolled in the Antioch grade schools in the facilities built for only 1,025."

The superintendent said the board had been forced this year to rent outside facilities for the kindergarten and first graders that number 172.

The new building will contain 26 classrooms and could accommodate up to 750 pupils.

Six of the classrooms might be left unfinished, depending on the total cost of the building.

The structure will contain an arts and craft workshop, a home economics department, a science classroom and laboratory and an audio-visual facility.

Whitacre said these facilities would probably be housed in the west wing of the new building.

The central portion of the school will contain administrative offices and a kitchen-cafeteria area.

East of this area would be a library resource center, a multi-purpose room, a band room, a vocal music room, and a nurse's room.

The bond issue will be a 32 cent hike in taxes for each \$100 of assessed valuation for residents of the district.

In other words, if a home is assessed at \$10,000 the total annual cost for the increase would be \$32.

Ron Horton Expresses Thanks

One hundred and forty-four of the giant Christmas Cards with signatures of 2175 Antioch citizens and messages from Mayor Raymond Toft and Antioch Churches have been sent out to our servicemen at home and abroad and Pvt. Ronald Horton expresses his feelings about the card in a letter from Ft. Polk, La., where Ron is stationed.

To the Wonderful People of Antioch:

I wish to thank all the people for their thoughtfulness of those boys who are not able to be home at Christmas. It is people like you that help to overcome the great distance separating those boys and their loved ones at a

(Continued on page two)

5 Antioch Students Win Praise

Five Antioch youths were named six-weeks leaders in the Waukegan Area Vocational Center courses being conducted at Waukegan High School.

The training is given juniors and seniors in auto shop, building trades, electronics, machine shop, printing, and business computer programming.

Participating are high school students in Antioch, Deerfield, Grayslake, Libertyville, Mundelein and Waukegan. Nearly 200 students are entered in the classes.

Joe Torri of Antioch was named second six-weeks leader in auto shop; Jim Kanable of Antioch in building trades; Dennis DeBoer and Deane Troyer of Antioch in business data processing; and James Simpson of Antioch in printing.

Among the criteria used to select the leaders are:

1. Willingness to do more than just the required.
2. Desire to learn as much as possible.
3. Respect for others.
4. Working skills and attitudes.
5. Supplemental classroom performance.

The selections are made by the individual instructors.

Library Board Hits Snag

The Antioch Library Board might have hit a snag in the letting of bids for construction of its new facility.

The board met Friday and opened bids only to find that one bid each was received for the plumbing work and the electrical work.

There were four general contractor bids, it was reported.

Boards that deal in public money are loath to award contracts on projects where only one bid is received for an item and therefore it may be necessary to readvertise for the electrical and plumbing work.

The bids were turned over to Attorney Edward Jacobs and the architect for tabulation.

The board has set up another meeting for 1 p.m. Thursday to determine which way to proceed with the project.

Businessmen Feted By First National

Executives of the First National Bank of Antioch played host last week to area businessmen and women at a Champagne breakfast.

The affair was held at the Crown Room, Rte. 173 and Rte. 41.

More than 100 persons attended the affair for a glass of the bubbly from 7:30 to 9:30 a.m.

New officers of the Antioch Chamber of Commerce will be installed on Jan. 25, 1969 at Bristol Oaks, Bristol, Wis., at a dinner-dance. They are, from left, Ken Schultz, 1st vice president; LaVerne Woods, president; Henry (Pete) Pickard, 2nd vice president, and Russell Barnstable, secretary-treasurer. The dinner-dance is open to all who would care to go and information and reservations can be had by calling Joanne Shure, Chamber secretary, at 395-3381.

Dr. Petter To Leave On Jan. 1

Dr. Charles K. Petter, medical director and superintendent of the Lake County Tuberculosis Sanitarium for 31 years, will retire effective Jan. 1.

A resolution recognizing Dr. Petter's years of service and for the distinction he has brought the County was passed by the Board of Supervisors at its December meeting.

The board also passed a resolution of commendation to be

(Continued on page two)

Mrs. Sulthin Elected To State Post

Lake County Circuit Clerk Stephanie Sulthin has been elected president of the Illinois Association of Court Clerks.

The organization is composed of all circuit, appellate and state supreme court clerks in Illinois representing all counties.

Mrs. Sulthin was vice president of the association in 1968 and formerly served as secretary. Her election to the presidency came at the mid-winter conference held in Chicago earlier this month.

She will preside at two major conferences of the association held in 1969, one in April to Le held in Springfield, the second in Chicago next December.

In addition, Mrs. Sulthin will meet with the association's executive board next month to discuss legislation which would aid the court clerks in the administration of their respective offices.

The Lake County Circuit Clerk, the first woman to ever hold a major elective office in the county, was sworn in for her third term on Dec. 2.

Infectious Hepatitis Tapers Off

Between Sept. 1st and Nov. 30th, there were 52 known cases of infectious hepatitis in Lake County.

There were 18 confirmed cases in September, 26 in October, and 6 in November.

The decrease in the number of cases from October through November suggests that the incidence of the disease is tapering off.

\$863,170 In Bonds Bought In County

Lake county residents purchased a total of \$863,170 in series B and H United States savings bonds and Freedom Shares in the month of October according to Philip L. Speidel, Lake Forest, general county chairman of the savings bonds committee.

Purchases in the state of Illinois were \$27,480,715, according to Clary S. Sochowski, state director of the Department of the Treasury. This is 5.1 per cent below the total for last October and accounts for 6.4 per cent of national sales which were \$429,000,000.

\$32.1 billion is the outstanding E and H bonds and Freedom Shares as of the end of October. This is an all-time peak, and represents 23 per cent of the privately held portion of the public debt.

Schmalz Winner Of Award

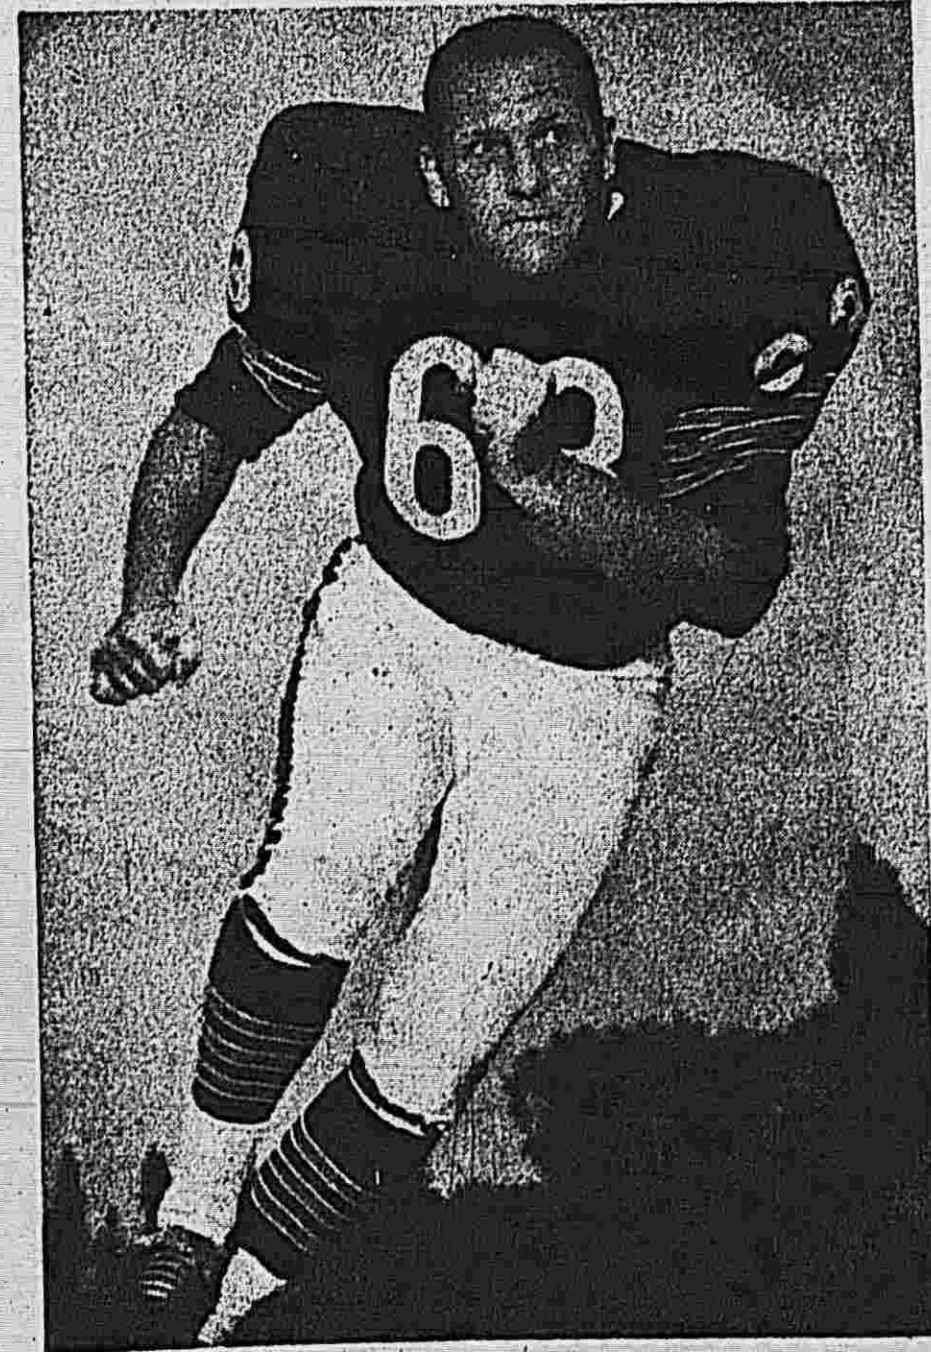

George M. Schmalz, Circle Ave., Antioch, received a \$200 cash award for sustained superior performance as an equipment specialist in the Technical Division, Navy Electronics Supply Office, Great Lakes.

Schmalz was cited by the Commanding Officer, Capt. John H. Garrett, Jr., SC, USN, for effective supervision of the High-Dollar Procurement Review Section, Technical Operations Branch.

Schmalz's staff provide technical decisions to the Procurement Division before, during and after the award of contracts for the high-dollar value repair parts and quality-controlled items. Capt. Garrett explained, "They also provide guidance to the Stock Control Division, other Navy shore

(Continued on page two)

Football, Cross Country Teams Will Be Honored

Bob Wetoska, offensive tackle for the Chicago Bears will be the speaker at a dinner in honor of the Antioch High School's championship football and cross country teams to be held this Sunday, Dec. 22, at Lorenz's Smart Country House. The dinner is being sponsored by the State Bank of Antioch.

The Antioch High School football team and cross country team will be honored Sunday with a banquet at Lorenz's Smart Country House at 7 p.m.

Sponsoring the gala affair for the two teams, both Northwest Suburban Conference champions, will be the State Bank of Antioch. Also to be special guests at the affair will be members of the 1942 championship football team and their wives, coaches and wives of both winning teams, and the Varsity Cheerleaders.

Speaker for the evening will be Bob Wetoska, offensive tackle for the Chicago Bears.

Wetoska, co-captain with Mike Pyle on offense, missed three games this year because of a shoulder injury, but did get back for the second Green Bay meet-

(Continued on page two)

Hearing Set On Rezoning Of Property

A hearing will be held in Old Village Hall, Antioch, on Dec. 23 on a petition before the Lake County Zoning Board of Appeals to rezone a parcel of land in Antioch Township for a sports arena.

F. C. Brehm is asking rezoning from agricultural to UIR-3C multi-family residential, two pieces of land south of Rte. 173 and west of the Fox River.

The petitioner asks for rezoning for apartments on one parcel and the sports arena on the other.

\$12 Million Windfall For State Treasury

The State of Illinois will receive a \$12,000,000 "Christmas present," Attorney General William G. Clark announced today.

The big revenue windfall is the result of a tax case decision just won by Clark in the United States Supreme Court.

Ironically, the Attorney General said, the disputed tax—the Leasing Occupation Tax Act—no longer exists in Illinois.

From 1965 to 1967, Illinoisans were required to pay a 3 1/2 per cent state tax levy on leased equipment—equipment such as rent-a-car, tools, U-haul trailers and the like. The tax was later repealed by the legislature, however, and went out of existence on August 1, 1967.

But during the two-year period in which the tax was collected, the Constitutionality of the leasing tax was under challenge in the Illinois courts, and thus the revenues collected were placed in a special escrow or protest fund, pending a final court ruling.

The case was ultimately appealed to the United States Supreme Court, which has now ruled that the tax was, indeed, Constitutional.

Thus, Clark said, the State will receive the revenues accumulated from 1965 to August, 1967.

The leasing tax was originally challenged by John Doolin, doing business as the National Nov-

elly Company of Chicago. The novelty firm used rented vehicles to deliver merchandise; and thus the firm was subject to the leasing tax.

Attorney General Clark hailed the Supreme Court's decision as "a significant victory for the State at a time when additional revenue is so urgently needed."

He said that he has notified State Treasurer Adlai Stevenson that the \$12,000,000 fund may now be legally transferred to the State's General Revenue Fund.

Total snow for season — 1.0".
Once again we are wondering if we will have a white Christmas, and all I can say is for the past six years it has been white. I might be wrong, but a good snow and seasonable temperatures would help to get rid of the flu bug. I'm not sure whether or not another issue will be out before Christmas, so I want to take this opportunity to wish you and yours a "Merry Xmas."

EDITORIAL

A Safe, Live You

Many editorials have been written on traffic deaths throughout our county, state and nation.

We have written quite a few—ourselves.

But the important thing, we feel, is to bring home to the motoring public the fact that they are driving a ton or two of legalized mayhem.

And if they are not careful, tragedy will surely result.

One of the most traveled holiday seasons is at Christmastime.

And carnage on the highway increases with each Christmas that passes.

The fact that we know that literally hundreds of persons are going to be killed doesn't seem to deter the driver who is reckless, or the one who drinks, or the one who drives an unsafe car.

The fact that we have such carnage on the highway has prompted Gov. Samuel H. Shapiro to proclaim the period from December 15 to January 2 as a "Christmas Holiday Traffic Alert."

He is requesting that all drivers on Illinois' highways set a good example, to drive by the Golden Rule and to observe all traffic laws.

If you are going to drive any distance during the period, make sure you check out your lighting system as well as other things mechanical.

There is a great danger of going around with only one headlight or one taillight.

We know that many will not heed the warning. They will become part of our holiday statistics.

But give your own children the best present they ever had for Christmas.

A safe, live you.

Get Rid Of It

This week we saw in action an archaic carry-over from the good old days—the Electoral College.

Although the election has been over with for more than a month, and we already knew the winner, we had to hold our breath to make sure that the Electoral College voted for the man the majority of the people in the United States wanted.

For there is no assurance that the delegates to the College will vote for the winner.

They are not bound by the vote that you and I cast at the polls.

The fact that this year the vote was as it should be is neither here nor there.

The point is that these delegates could name anyone to the Presidency they want to—without so much as a checkrein on them.

We feel that Congress should get busy to abolish the Electoral College.

We feel that the man who gets the most votes, whoever he may be, should be the winner without all this waiting around for someone to approve our vote.

We hope that the change comes soon—preferably before the next Presidential election.

Ron Horton Expresses Thanks...

PACK FOR SOLDIERS IN VIETNAM

The Antioch Adventurers of the 4-H Club met Tuesday at the Eimmons School to prepare packages for Project Vietnam. Boxes containing these items were packed for the 57 Antioch servicemen and women on the post office list:

- Mixed Nuts
- Hard Candies
- Presweetened drink mix
- Wristwatch calendars
- Combs, Toothbrushes
- and Little Bibles.

Present at this gathering were Adventurers Kim Klopp, Gayle Bolton, Diane Bowers, Silvia Meuter, Heidi Petty, Robert Carter, Carolyn Winkler, Doris Meuter and Linda Lagerstrom. Looking in on the girls were grown up girls, Lorrie Carter, Angie Maras, Emma Klopp and Helen Lagerstrom.

Frank ReCupido donated sufficient candy so that each man will receive an ample supply. Because our soldiers like to receive articles with the name of our town on them we thank the First National Bank of Antioch for wrist watch calendars, Dick Witt, State Farm Insurance for combs and Antioch Evangelical Free Church for the Little Bibles.

The packages will reach Vietnam shortly after the first of the year, and Project Vietnam now prepares for its next mailing in January when the Antioch Woman's Club will host the project.

Dr. Pelter To...

(Continued from page one)
sent to retired State's Attorney Bruno Stanczak, who finished a total of 27 years service on Dec. 2.

In other action, the board approved certificates of merit to four other long-time county employees. They are: May Blum, for 28 years service in the circuit clerk's office; Peter Ulrich of Fremont Center, Frank Flake of Rt. 83 Mundelein, and John Dutzler of Libertyville all members of the Lake Co. Highway Dept. who will retire the end of this month.

In memory of the late Dr. Jerome J. Burke, former president of the TB Sanatorium board and attending physician at the nursing home, the board passed a resolution of commemoration to be sent to relatives.

Apartment Units...

(Continued from page one)
project would consist of four 12-unit buildings and two 8-unit buildings.
Toft said that the proposal would be for mostly two-bedroom units.

Complete plans for the project, which was presented to the Zoning Board of Appeals by Attorney Frank Rhode, Jr., would be forthcoming in the near future.

In other action Toft announced that the first filing date for the spring election is Jan. 6.

Up for election this year will be the village clerk, mayor, and three trustees.

Those trustees whose terms expire are Robert Wilton, Vern L. Barnstable and Arthur R. Meierdick.

Weighted Vote...

Midwest Turf Holds Small Engine Clinic

Midwest Turf, Grayslake, promotes enrollment in 4-H Engine projects and careers as Small Engine Mechanics.

Lake County Cooperative Extension assistant adviser, Jim Tomkin, impressed by Bob Gleason's operation at Midwest Turf visited with John Gleason last summer, inviting interest in 4-H Small Engine projects. Project manuals were reviewed by the Gleasons and participation was coordinated with the Cooperative Extension Office.

A November clinic was scheduled with emphasis placed on fall maintenance of lawn and garden equipment.

Attendance at the clinic was not as large as expected, however, Lake County 4-H Clubs were reorganizing for '68-'69 and club leaders' encouragement may have been lacking.

Bob Gleason's presentation by demonstration and conference was carefully prepared for a combination adult and youth group. His professional competence was evident starting with his discussion of careers right on through operation and maintenance of two cycle engines. Quite impressive was a parts warehouse tour, showing the magnitude of parts required for the maintenance and repair of lawn and garden equipment.

Parents and members attending the clinic were: Robert and

William McAdams, Grayslake, Mrs. Melbourne Mudd and Richard, Libertyville; Robert Stanley, Grayslake; Arthur and Jeff Zerson, Lindenhurst; Russell and Gary Myer, Antioch; Jerold and Jeff Schoelzel, Antioch.

4-H youth 12 years and older have the opportunity to progress from Unit I beginners to Unit III advanced small engine projects. The success of this program is largely determined by the cooperation and efforts of firms such as Midwest Turf.

Traffic Deaths Rise

November traffic deaths totaled 219, according to provisional reports released by the division of highways and the Illinois State Police. This is an increase of 4 per cent over the 211 reported in the same month during 1967.

Late reports and delopd deaths have now increased the September total to 283 and increased the October total to 206. The death toll for the first 11 months, which now stands at 2,295, represents an increase of 2 per cent over the 2,245 for the same period during 1967.

"The only trouble with being a good sport is that you have to lose to prove it!"

Set Prices For Dairy Producers

Matching the October 1968 record high Chicago market price, a minimum order blend price of \$5.12 per hundredweight will be paid dairy farmers for Grade A milk delivered during November to plants within Zone 1 of the Chicago regional federal milk market order. Pure Milk Association announced today.

Zone 1 includes the Illinois and Wisconsin territory within 65 miles of Chicago city hall, plus Milwaukee county, Wis., and Winnebago county, Illinois.

November Class I (bottling) milk utilization under the Chicago regional order was 339,406,141 pounds or 65 per cent of the 523,474,120 total pounds of milk in the pool. The October Class I utilization was also 65 per cent of total pool receipts.

The \$5.12 federal order minimum price applies to milk of 3.5 per cent butterfat content and is a blend of the \$5.53 per hundredweight minimum order price for Class I milk and \$4.27 per hundredweight for Class II (manufacturing) milk.

The producer butterfat differential on November milk was 3.1 cents per hundredweight for each one-tenth of 1 per cent above or below 3.5 per cent. This differential follows the average wholesale price for 92-score butter on the Chicago market.

A superpool established by Central Milk Producers Cooperative provides funds for maintaining a standby pool, advertising and promotion, and supplies needed to meet local market demand.

Central Milk Producers Cooperative is a group of Wisconsin and Illinois dairy farmer cooperatives, including PMA is marketing agent for the group.

Under terms of the Chicago Regional market order, producers for the market are paid on or before the 10th of the current month for their milk deliveries of the preceding month.

Leukemia Drive Picks Van Argiris

Van C. Argiris, Chicago realtor, has been named chairman of the real estate division of the Leukemia Society of America, Greater Chicago Chapter's 1968-69 drive.

Argiris will work with persons in real estate and allied fields to help the Leukemia Society reach its annual goal of \$250,000, according to Lewis.

The Leukemia Society of America is a national volunteer health organization with chapters throughout the country. Its

Van C. Argiris

three-point program of research, public and professional education, and patient aid concentrates its efforts on the control and eventual eradication of leukemia.

This year's drive will involve more than 13,000 persons from Chicago and suburbs—an all-time high for the society. Leukemia is the nation's number one killer of children and second only to lung cancer in its rapid ascendancy as a killer. An estimated 18,000 persons will die from leukemia this year.

Lindenhurst Woman Jumps From Car, Hurt

Mrs. Dorothy Chitwood, 32, of 1902 E. Grand Ave., Lindenhurst, was injured last week when she jumped from a moving car on Rte. 63 west of Rte. 83.

She was treated at Condell Memorial Hospital, Libertyville, where she told sheriff's deputies she panicked and jumped from the car operated by Renia F. Kimberlin, 19, of Rt. 2, Lake Villa.

She said she thought the car would not return to its own lane in time to avoid an oncoming auto, and so she jumped out.

Drinking Problem Here To Stay

"Social drinking is probably here to stay," Jerry Klebe, executive director of the Lake County Safety Commission stated today, but stressed the fact that there is a great difference between moderate drinking and anti-social drinking which includes driving after drinking.

Drinking drivers cause the most disastrous accidents on roads, particularly during a holiday week, he pointed out.

Studies by the Illinois Department of Health show that more than one-third of all drivers, pedestrians and occupants of cars killed had over the legal limit and were by definition "drunk." The same study showed that drinking is a contributing factor in more than a half of the holiday accidents in our State.

Klebe joined with various Committees in a campaign against the drinking driver in our State. "The heartache resulting from deaths and injuries caused by such drivers can never be measured," he said, and urged all motorists not to drink and drive.

He suggested that Lake County residents who are going to celebrate the New Year by drinking at New Year's Eve parties should leave their cars at home and either take a taxi or public transportation or ride with drivers who have had no alcoholic beverages.

Klebe added: "For a safe holiday for everyone, including the potentially innocent victims, the best rule of all is to remember 'to arrive alive, don't drink and drive.'"

DEATH NOTICES

LAMONTE DAVIS

Lamonte Davis, 57, of Bluff Lake, near Antioch, died Thursday, Dec. 12 at Victory Memorial Hospital, Waukegan, after a seven week illness.

He was born July 14, 1911 in Libertyville, and had resided in Oak Park before moving to Antioch in 1950. He was purchasing agent for A. B. Dick Co. at 5700 W. Touhey Ave. in Chicago for 25 years.

He is survived by his widow, Leona, one son Charles of Antioch, one daughter Mrs. Roland (Sharon) Lichter of Antioch, his father, Harry Davis, Sr., of Antioch, one brother, Harry, Jr., Prospect Heights, one sister Mrs. Sterling (Betty) Latham, Lombard, and 5 grandchildren.

Services were held Saturday in the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated. Memorials may be made to the Antioch Rescue Squad in lieu of flowers.

ROBERT F. KELLY

Robert F. Kelly, 83, of Bluff Lake Road, near Antioch, died Thursday, Dec. 12 at St. Therese Hospital after a six day illness.

He was born Sept. 2, 1885 in Ohio and resided in Chicago from 1911 until moving to Antioch in 1947. He retired in 1949 as a structural iron worker. He was preceded in death by his wife Louise, (nee Wallace) Kelly on October 19, 1954.

He is survived by a son, Clarence R., Cary, two grandchildren and 7 great-grandchildren.

Funeral services were held at 1:30 p.m. on Monday at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated. Interment was in Grass Lake Cemetery.

STANLEY R. DROGOSZ

Stanley R. Drogosz, 60, of Wilmot, Wis., died at his home from an apparent heart attack on Sunday, Dec. 15.

He was born June 18, 1908 in Nebraska. He resided most of his life in Chicago before moving permanently to Wilmot in 1964, but had spent summers here for the past 20 years.

He was a member of the Holy Name Church at Wilmot, St. Jude's Society, Chicago, Chicago Police Benevolent Association, Life member of Illinois Police Association, was a Kenosha County Deputy Sheriff, Chicago Police Department Post No. 207 of the American Legion.

He retired in 1964 as a police officer with the Chicago department. He had served in the Navy during World War II as a chief. He was preceded in death by a brother, John Drogosz and two sisters, Martha Drogosz and Frances Imburgia.

Survivors are his widow, Ella (nee Ashby) a sister, Mrs. Gertrude Paul, Ft. Dodge, Iowa, and several nieces and nephews.

A funeral mass was held at 10 a.m. Wednesday at Holy Name Church in Wilmot. Interment was in Holy Name Cemetery.

Prevent Fires On Christmas

The Illinois Department of Public Safety fire prevention division has released the following rules for Christmas fire protection safety.

1. Purchase a freshly cut tree which has been stored out of doors. Keep tree outside until needed. Do not set up until a few days before Christmas.

2. A container which holds water in its base is the best. If cut end of tree is grooved and placed in the water—add water daily—the drying out of the tree is slowed and possibility of burning reduced.

3. The location of the tree is of vital importance. Do not place near stairway or elevator because they act as flues in case of fire. If a tree is located near doors, be sure to keep the door closed.

4. Locate the tree in the coolest part of the room. If necessary shut off any nearby radiator or hot air register. Do not place tree near a stove or fireplace or other source of heat or direct flame.

5. Anchor the tree at the tip with wire to keep it from falling over.

6. Never use wax candles on a tree. Use only electric lights and see to it that all wiring is in perfect condition. Do not overload the circuit with the tree lights on it.

8. Inspect the tree from time to time and if the needles near the light are brown, relocate the light.

9. Turn out the tree lights when the family leaves the house unattended. Never leave children alone in the house when the tree is on display.

10. Do not use cotton, paper or flammable material or the decorations of tree or around the base of the tree.

11. Avoid toys operated with flammable liquids.

12. Select electrical appliance gifts with fire safety in mind.

13. Never place lighted candles in windows.

14. As you unwrap gifts, put all wrappings in a carton and dispose of them promptly.

15. Pre-plan any possible incident. Have the fire department's telephone number posted near your own phone.

Committee Will Be Selected

Ten Qualified Lake Counties presently associated with youth programs will be designated Jan. 7, 1969 as Co-Operative Extension 4-H youth Committee members.

As youth development educational activity demands increased planning divergence and evaluation the added depth in programming necessitates this committee.

Committee member nominees will be presented to the joint Home Economics and Agriculture Extension councils for approval at the January council meeting. The joint Extension council consists of twelve Home Economics council members and ten Agriculture members. Mrs. Peter Sneesby of Gurnee, and Leonard Schmitt of Waukegan are chairmen of their respective councils.

Warren Wells of Gurnee, Agriculture council 4-H Youth Chairman and Mrs. Melbourne Mudd, Home Economics council 4-H Youth chairman will co-chairman the newly formed 4-H Youth Committee.

The 4-H Youth Committee will set the program to be implemented by the University of Illinois co-operative Extension staff in Lake County.

The Extension Staff are: Ray Nicholas, Agriculture Adviser, Mrs. Helen Volk, Home Economics Adviser, Mrs. Barbara Dahl assistant Home Economics Adviser and James Tonkin, assistant Agriculture Adviser.

Representatives on the 4-H youth committee will report youth educational requirements in the area they are associated with other youth groups to avoid duplication, also expenditure of time and funds in areas where programs are no longer necessary.

Many new projects and activities are available to youth in Lake County in the University of Illinois Co-operative Extension Supervised youth program. If you are unfamiliar with these programs or wish to make recommendations for inclusion please arrange an appointment with the Lake County Co-operative Extension Service office.

Dean DePoy Is Teacher Of The Year

Dean R. DePoy, Wheeling High School Band Director, has been named Illinois Teacher of the Year, it was announced today by Illinois Superintendent of Public Instruction, Ray Paga.

DePoy has been director of the school band since the school was first opened in 1964. His achievements have been recognized throughout the nation and the band has received many awards and citations. President Lyndon Johnson selected the Wheeling band as the "Presidential Band of Chicagoland," and as such, has played for the President on the occasions he has visited Chicago since 1964. The band also played at the Chicago Bears Football games in the 1966 and 1967 seasons.

The 32-year-old DePoy has been teaching for nine years, the last five at Wheeling. Prior to joining this staff he taught in Saline and Cassopolis, Michigan. He holds bachelor and master degrees in music from the University of Michigan and has taken graduate work at Northwestern University and the University of Illinois. While attending the University of Michigan he spent the summer of 1956 working as a brakeman and switchman for the New York Central Railroad.

Call 395-4111 to place a Society or News Item.

Army Pilot Vacancies Still Exist

In a special announcement today, a spokesman for the Chicago army recruiting headquarters announced a marked increase in December vacancies for the army's pilot training program.

Qualified high school graduates can process for the Warrant Officer flight program, spend Christmas at home, and then leave for training on Dec. 26th.

The spokesman noted that this will probably be the largest single Warrant Officer Flight contingent to ship from Chicago at one time. After attending basic training, the flight applicants will participate in one of the most technical and concentrated pilot training programs ever developed.

After approximately 34 weeks of flight instruction the graduates will receive their wings and be appointed as an army warrant officer.

Sgt. Jerry N. Bumpus, local army recruiter, added that although time is short, local young men still have time to make application and process for the pilot program. He also noted that recent regulation changes permit men with correctable 20/50 vision to apply for the program.

Sgt. Bumpus can be contacted at his office at 620½ Washington St. Waukegan.

Tinkertoy Scholarship Offered

For the fourth time, young Tinker Toy designers will have an opportunity to turn their original toy models into a \$1,000 Scholarship award and a trip to New York City.

All boys and girls in this immediate vicinity and throughout the United States are eligible to participate in Toy Tinkers' Scholarship Award Program.

Youngsters may submit sketches or photographs or original models which they have designed from Tinkertoy, Tinker Zoo, Toy Maker, or any combination of the three toys, before Dec. 31 to qualify for Junior Engineer Certificates of Award and then for the Scholarship Award Program. As in previous years, judging is on the basis of imaginativeness and creativity of design.

Each of the 50 state finalists receive a handsome-mounted, personally-engraved wall plaque. Now holding the title of Illinois State Finalist is Daniel Jarski of 9318 South Austin, Oak Lawn.

The Scholarship Award is a \$1,000 savings bond and an expense paid trip to New York City for the top designer and his or her parents. With this award goes the title of Toy Tinker of the year now held by ten-year-old Milton Engle of Waynesboro, Pa.

R. A. Christofferson, president of Toy Tinkers, says: "The Scholarship Award Program is in

Speidel To Head Heart Fund Drive

Philip L. Speidel, retired board chairman of the First National Bank of Lake Forest, will serve

Philip L. Speidel

as chairman of the 1969 Heart Fund Drive in Lake County.

His appointment was announced by Dr. William E. Cape, president of the Heart Association

keeping with our line of creative toys." He adds: "The amount of enthusiasm and the number of participants in this creative awards program continues to be beyond all expectations. Response so far this year indicates, too, that the interest in the program is increasing each year."

tion of Lake County.

Speidel is organizing a dynamic team of volunteers to direct a drive in 22 Lake County communities in February to raise \$62,000 for the fight against heart diseases. Last year \$62,147 was raised in the county.

Dr. George Erwin Wendel will serve as campaign co-chairman. A resident of Highland Park, Dr. Wendel is chairman of the coronary care committee at Highland Park Hospital and a medical adviser for the Highland Park Health Department.

Edward John Ledder, president and chief operations officer of Abbott Laboratories in North Chicago, has been appointed industrial chairman. Active in civic affairs, Ledder is a member of the Lake County Crime Commission and serves on the board of the Community Fund of Chicago and the Countryside YMCA.

Among the five regional chairmen who will assist Speidel are: Edward R. Holmberg, Jr., Waukegan; Verne Gove, Gurnee; and Mrs. Mary Saunders, Libertyville.

In 1967 deaths from heart diseases in Lake County totaled 1,315, more than 54 per cent of all deaths.

The Heart Association of Lake County is a division of Chicago Heart Association.

The world's fastest self-cleaning ovens.

A new gas self-cleaning oven can get the messiest jobs done in half the time it takes the electric kind.

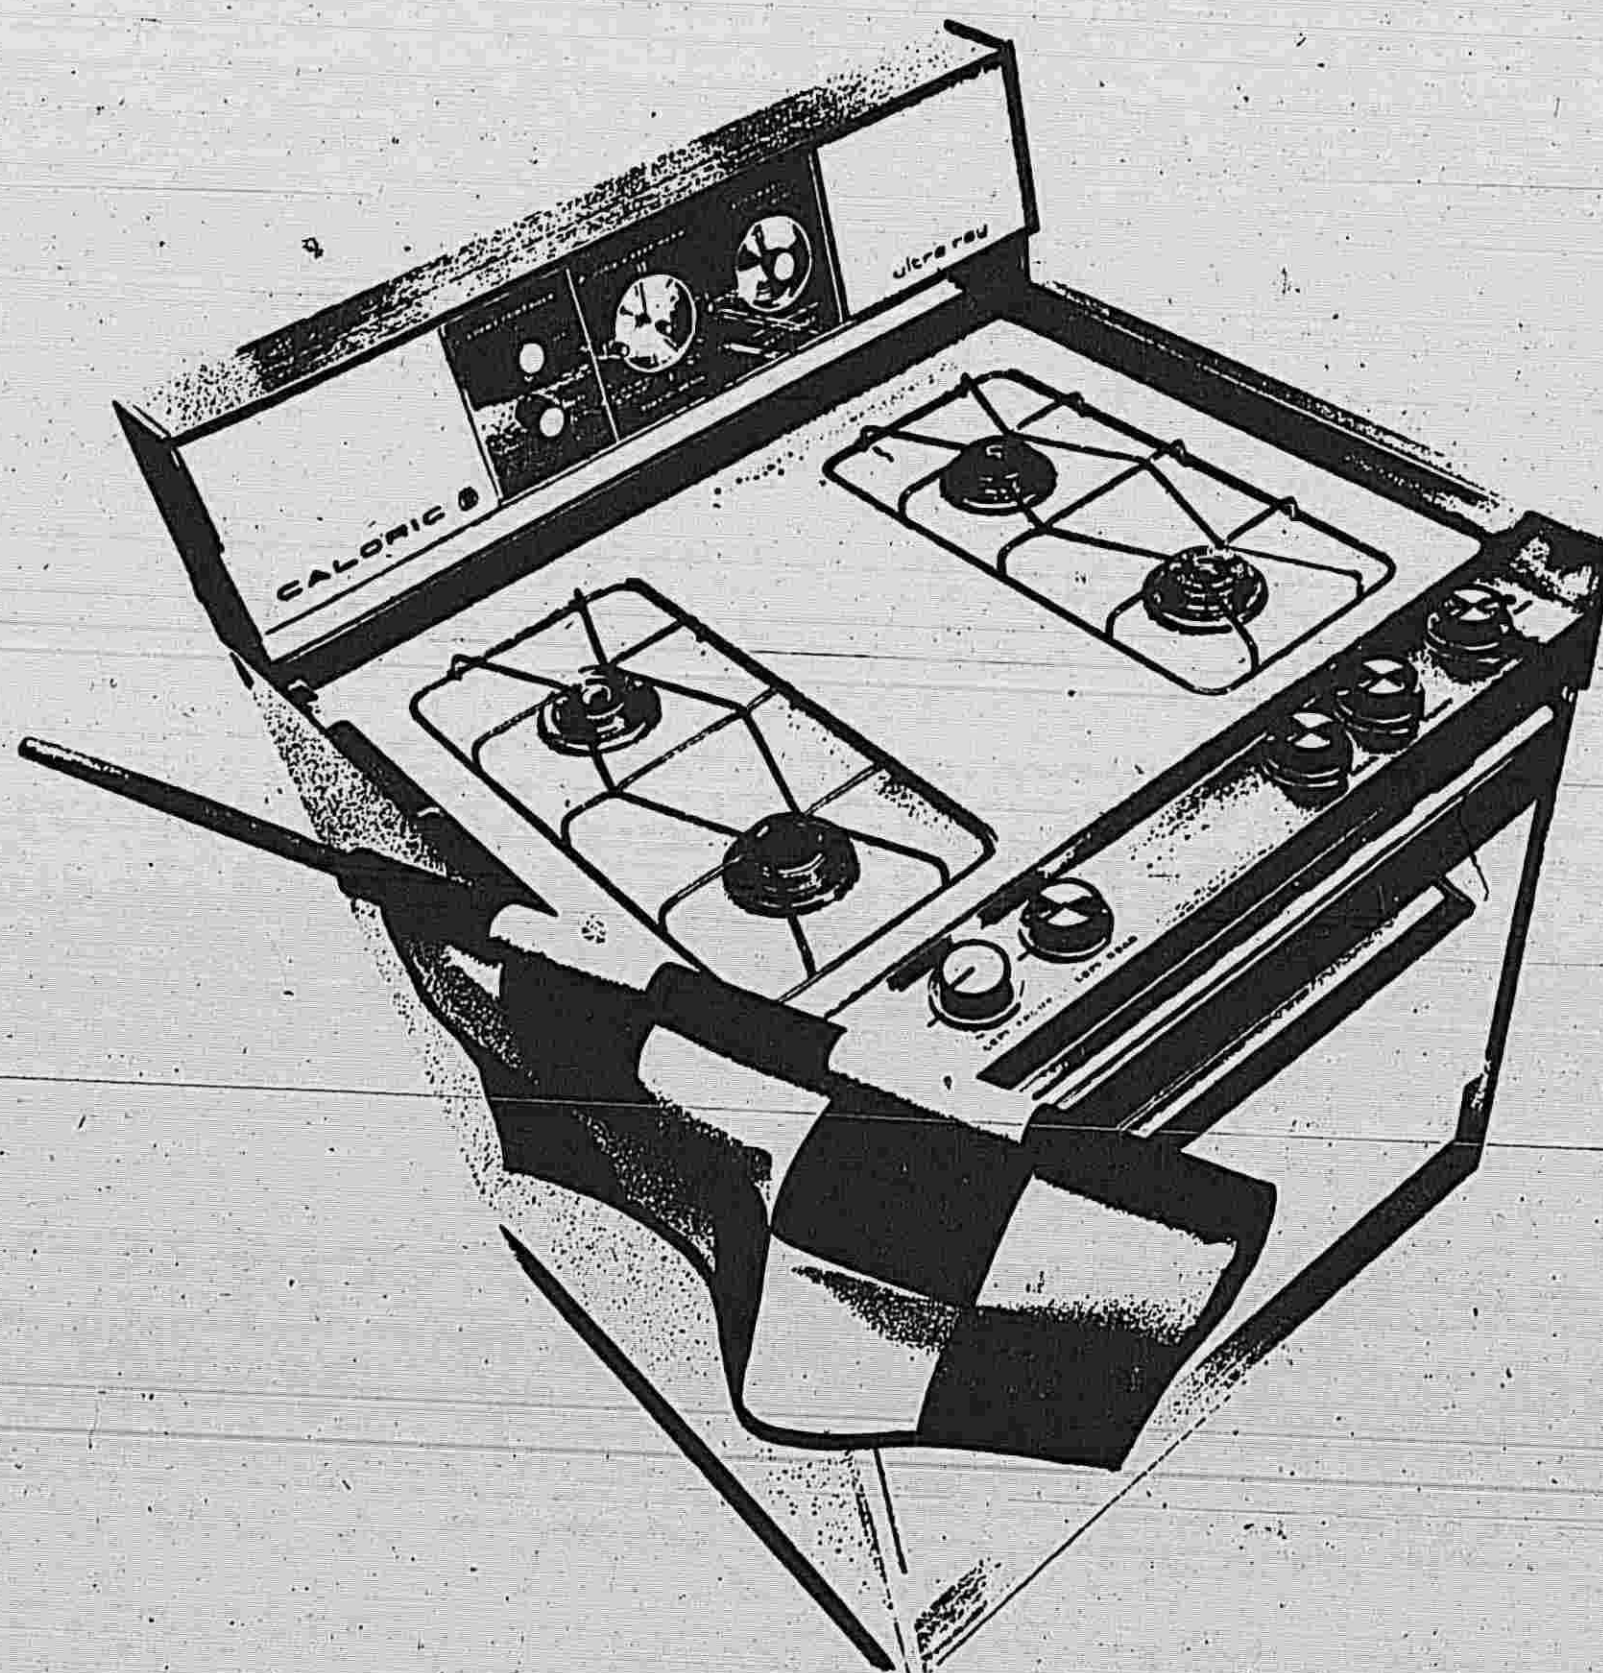

And with gas, you can shorten the cleaning cycle even more if an oven isn't soiled enough to require the full treatment.

But the best part about a new self-cleaning oven is the way it's packaged—inside a new gas range. Because only a gas range gives you precision-controlled top-of-stove cooking. Or gas infrared broiling units—the kind that cook quickly... provide eye-appealing browning, too.

Visit your Northern Illinois Gas office or appliance dealer and see why—when ovens come clean—it's no contest.

Gas wins in half the time.

Northern Illinois Gas Company

Dorothy Klaus, Jr. Post Matron, left, is shown presenting the gavel to Marilyn Lorentz, seated, newly installed Worthy Matron of Antioch Chapter Order of the Eastern Star. Looking on are Joseph Parfitt, left, Jr. Post Worthy Patron, and Lawrence Gilo, Worthy Patron.

Marilyn Lorentz Is New Worthy Matron

The Antioch Grade School Gymnasium was the setting for the 1968 Installation of Officers of Antioch Chapter No. 428, Order of the Eastern Star, which was held Friday, November 22.

Installing officers of the evening were Adele M. Maynard, Worthy Grand Matron of the Order of the Eastern Star of Illinois, installing officer, Dorothy Eisenman, Grand Warden of Illinois, installing chaplain, and Shirley Gilo, a Grand Lecturer of Illinois, installing marshal. Music was provided by Harriet Davis, Past Matron of Antioch Chapter, installing organist, and Dorothy Drinkwater, a Grand Lecturer of Illinois, installing soloist.

Escorts to the installing officers were Todd Maynard, chairman of the Budget Committee of Illinois, Richard Eisenman, Grand Companion of Illinois, and Herb Pauli, Past Patron of Antioch Chapter.

Others participating in the ceremonies were Lillian Gaa, a Grand Lecturer and member of Antioch Chapter, Mistress of Ceremonies, and Misses Cheryl Plavinske and Judi Wells, past

Rev. Cobb Has Article Published

An article by Rev. Donald M. Cobb, pastor of the United Methodist Church of Antioch, is featured in the "Country Pulpit" column in the December issue of the IAA Record, monthly magazine of the Illinois Agricultural Association (State-wide Farm Bureau).

The "Country Pulpit" feature, an inspirational message, is written by a different Illinois minister each month. The IAA Record is distributed to about 194,000 Illinois Farm Bureau families each month.

Rev. Cobb, a native of New York State, received his education at Syracuse University and Colgate Rochester Divinity School.

Ordained in 1941, he served churches in Northern New York, was a chaplain in the United States Army during World War II, and was called back into service during the Berlin crisis. He has 26 years of active and reserve duty in the army.

Since 1949, he has served churches in Cherry Valley, Erie, and Antioch, of the Rock River Conference of the Methodist Church, now the Northern Illinois conference of the United Methodist Church.

The article follows:
By Rev. Donald M. Cobb
The world's most familiar story is also the loveliest. Can anyone enter December without having thoughts of the Babe of Bethlehem?

We hear much loose talk today about this being the "Post-Christmas Era." But what happened to the Christmas era? It never was. We have had a church dominated one. And there is a vast difference.

If we are to push such words from the headlines as rape, riot, racism, revenge, and murder, we must replace them with love, compassion, kindness, respectability, and discipline.

This will take some living, truly Christian living. And it must begin in you and in me.

Jesus said, "Blessed is the Spirit of the Lord is upon me because he has anointed me to preach the good news to the poor. He has sent me to proclaim release to the captives and recovery of sight to the blind, to set at liberty those who are oppressed, to proclaim the acceptable year of the Lord."

Here we have all the ingredients of a Great Society. It is your responsibility and mine to implement this program in our day to day living. "The time is now."

December can be a month of cheer, joy, an opportunity of recommitment to Christ. It can also be a time of disappointment by custom and tradition, a time of gross hypocrisy and status-seeking and status-maintaining in the exchange of presents. May our gifts be gifts of love as were the gold, frankincense, and myrrh.

Let us in devotion and commitment celebrate God's amazing and wonderful approach to us in His Son. Let us reveal to all that the character of the Great Society is written on the table of our hearts and not just words placed in legal statutes.

Antioch High Social Hour Set

Graduates of Antioch High School are invited to an informal social hour in the school cafeteria at 3 p.m. on Friday, Dec. 20. The get-together is an annual affair.

GOOD CITIZENS BUILD BETTER COMMUNITIES

Citizenship involves more than casting a ballot, attending a civic club meeting, and obeying the law.

Citizenship means wholehearted, day-to-day support of both government and the civic and philanthropic agencies which work for community improvement.

Name of agency or project, benefits your community and—directly or indirectly—benefits you and yours. And your help is appreciated, needed and desired.

Help, why not?

Welcome Wagon

NMPF Gains Widespread Support

The National Milk Producers Federation is getting widespread support from its member organizations, including Pure Milk Association, on its request for a national hearing to assure that the producer Class 1 (bottling) milk prices established by the U. S. Department of Agriculture on federal order markets will be continued if not less than their present levels after April 30, 1969.

This was reported today by A. L. McWilliams, general manager of Pure Milk Association, who said prompt action by the U. S. Department of Agriculture in scheduling the hearing is essential to avoid needless disorder in marketing milk when the present Class 1 price provisions expire April 30.

McWilliams declared that extension of the present Class 1 minimum prices established under Federal milk marketing order programs is necessary to maintain milk production, which is declining on a per capita basis, and satisfy the needs of the nation's growing population.

The request for the hearing was made by the National Milk Producers Federation following its recent annual meeting in St. Louis. The NMPF membership in authorizing the request, declared it was in keeping with the stated intentions of both the outgoing and incoming administrations that farmers should participate fairly in the economy.

PM&L Slates 'Small Planet' For February

Early next February, Valentine's Day to be exact, a space ship will arrive at the Palette, Masque and Lyre Theatre, Main St., Antioch, with an unusual occupant to take the lead role in the next production of the outstanding local theatre group, "Visit to a Small Planet," by Gore Vidal.

Although a movie by the same title, with Jerry Lewis, recently played on local screens, the play is not quite the same. It is described by the author as "a comedy akin to vaudeville" and has everything from slapstick comedy to "magic effects" from a talking cat to an exploding world.

Director M. Ramsay will be holding try-out readings Wednesday and Friday, Dec. 18 and 20, 7:30 to 9 p.m. at the PM&L Theatre. As always, everyone is welcome.

The cast of seven has five male parts, two of middle age, two teens and one "undermature." The two female parts are a mother and her teenage daughter. There are also two "walk-on" roles, one male and one female. Mark the dates and come down to the try-outs for "Visit to a Small Planet." Lots of helpers are needed backstage, too.

Connie Aho Hired By Grass Lake

Connie Aho has been hired as a teacher of first grade by the Grass Lake Grade School Board, Supt. John Schockmel announced.

The present first grade will be split over the holiday vacation and until then the class will be team-taught, Schockmel said.

After Christmas each class will have 20 students.

A summer reading program to help students with reading problems from various Antioch and Millbrook elementary schools will also be inaugurated, the board said.

Two Antioch Youths Win High Honors

Rodney C. Schaefer and Fred C. Walpole, both of Antioch, have earned special honors for the first quarter of this year at Carmel High School for Boys.

Schaefer scored an average of 4.32 and Walpole garnered 4.23. William Wolfe of Lake Villa also received special honors. James Neadstine received first honors and Chris Abbot, Gregory DeWald and James Torres, second honors. All are from Lake Villa.

Stephen Wolff and Tim Mertes, both of Lindenhurst, also received second honors.

Rainbow Board Elected

The Sponsoring Body of Antioch Assembly No. 23, Order of the Rainbow for Girls held its annual meeting Monday, Dec. 16, with Wayne Polsgrove, chairman, presiding.

Mary Bruski, mother advisor of the assembly, presented her report of the year's activities.

New officers were selected to the Sponsoring Body. They were Sophie Schabow, chairman; Lawrence Gilo, vice-chairman; and Marilyn Lorentz, secretary.

The 1969 Advisory Board was then elected to serve the Assembly for the ensuing year. The new officers and members are James Williams, chairman; Marcel Bates, vice-chairman; Marilyn Lorentz, secretary; Mary Bruski, mother advisor; James Bruski, Mildred Gillum, Lawrence Gilo, Josephine Kirschbaum, Herbert Pauli, Sophie Schabow, and Carol Wiegart.

Installation of the newly elected board will be at the Rainbow Installation on Jan. 25, 1969.

MYF Project Furnishing Yule Trees

Methodist Youth Fellowship members—about 30 strong—have taken on an ambitious project for their annual Community Christmas Project.

The youngsters have been taking Christmas trees and decorations to individual homes, nursing homes, and other rehabilitation centers.

The young people, under the direction of their counselors, John and Margaret Laude, still have some families to visit.

Last week, for their church's project, they served a spaghetti dinner for about 60 persons.

Notify Those Who Have To Take Exams

Illinois drivers who will be required to take the drivers license examination as the re-examination program goes into effect Jan. 1 will be notified of that fact when their renewal notices are sent to them, Secretary of State Paul Powell said today.

Only one-ninth of the licensed drivers will be called for re-examination each year, as the new requirement of the law is that all drivers be re-examined once every nine years, Mr. Powell said.

Those drivers who receive renewal notices without any instructions to take the examination may simply submit their application as they have done in the past and their licenses will be renewed, he said.

Sometime within the next nine years, however, every licensed driver will receive instructions to report for an examination, Secretary Powell pointed out.

The first drivers to be called for examination will be those with records of previous revocations or suspensions of their licenses and convictions for traffic law violations, Mr. Powell said. Since those drivers are in the minority, he estimated they would all be examined in three or four years.

The examination will include the vision test, road-sign recognition test, written test on traffic laws and, in some cases, the driving test, Secretary Powell said. The decision to require the driving test will be based on the driver's record, plus other factors which may come to the examiner's attention in the course of giving the other tests.

The new program will increase the driver-examining workload by about 750,000 a year, or roughly 3,000 a day, Mr. Powell said.

Periodic re-examination of drivers has long been advocated by traffic safety experts, and is now a part of the Federal government's requirements for states to qualify for highway construction funds, Secretary Powell said. Failure to comply would result in the loss of 10 per cent of the federal funds.

Antioch Cub Scouts Will Meet

Antioch Cub Scout Pack 192 will hold their next pack meeting on Friday, Dec. 20, at 7:30 p.m. in the Social Hall of the Antioch Methodist Church. All parents and boys are urged to attend and to pay special notice to the change of day.

A full evening of awards, inductions, songs, tree decorating along with refreshments and a visit by a very special person easily recognized by all members is planned.

All attending families are requested to bring a canned food for a needy family—one can per each family member attending the meeting. See you all there.

Do all the good you can, By all the means you can, In all the ways you can, In all the places you can, At all the times you can, To all the people you can, As long as ever you can.

—John Wesley

smooches upon "night" of "day" Walsh, Mr. and Mrs. Maynard Schneider, Charles A. Atwood, Arthur Wallpert, Ray Jonsson.

Mr. and Mrs. Stanley C. Revell

Stanley Revell, Janet Cranmer Wed Nov. 2

Janet Cranmer, daughter of Mr. and Mrs. Albert Cranmer of Ruislip Manor, Middlesex, England, and Stanley G. Revell, son of Mrs. Florence Revell, of Antioch, were married Nov. 2 in a double-ring ceremony at the Parish Church of St. Paul, Ruislip Manor, Middlesex, England. Vicar Russell performed the ceremony.

The bride wore a full length, long sleeve, empire style gown of white satin wool which was accented by a court-length nylon illusion veil.

Her headdress was a small floral coronet and she carried pale pink roses and white stock.

Matron of honor was Mrs. William Allegeue, sister-of-the-bride and bridesmaid was Miss Pat Kelly. Both wore full length, turquoise satin wood gowns with matching ostrich feather-trimmed bouquets which "matched" the bride's flowers.

Eight young choir boys sang selected hymns for the ceremony. A reception at Cavendish Pavilion, Eastcote, followed with a dinner for about 70 persons. The bride and groom went on a tour of England with the groom's mother and grandfather, George Vaupell, of Antioch.

They are at home at Sudbury Hill, Wembley, Middlesex, until they return to the United States when the groom has completed his tour of duty with the Air Force early in 1970.

Business Activity To Go On

Illinoisans can look forward to a continued high level of business activity in the state during the year ahead.

This optimistic forecast is the consensus of key business leaders from all parts of the state, according to Francis E. O'Connor, chairman of the 100-member Economic Development Committee of the Illinois State Chamber of Commerce.

In announcing results of the survey of committee members, O'Connor reported there was near unanimous agreement that economic activity would continue its trend upward during 1969.

O'Connor, senior vice president of Chicago Title and Trust Company, said the Illinois economy is ending 1968 on a strong note with employment and income rising, with prospects good for a continuance of the advance in 1969.

"Employment rose only about 1 per cent in 1968, somewhat less than the national increase," O'Connor said. "In part this reflects the relatively greater pressure on the Illinois labor force. Unemployment averaged less than 3 per cent in the state, compared to about 3.5 per cent for the nation."

He noted that construction activity continued to be limited by shortages of skilled workers, particularly acute in the Chicago area. The Chicago housing market, he said, is probably the strongest for any large city, and a high level of housing starts, especially apartments, is almost certain in 1969.

O'Connor said trends in orders for capital goods, and surveys of business spending intentions suggest an upswing in output of the important Illinois machinery and equipment industries. Construction equipment demand is likely to increase in line with higher construction activity, and demand for farm machinery, somewhat depressed in 1968, is expected to revive.

The State Chamber spokesman observed that soybean crops were at record levels in Illinois this year and production of meat animals increased sharply. The resulting downward pressure on farm prices has reduced income somewhat, and the upward trend in farmland values appears to have leveled off. Nevertheless, the farm economy continues to be vigorous.

"In summary, 1968 was a record year for the Illinois economy. If generally favorable forecasts for the nation are realized in 1969, the diversified Illinois economy can be expected to share in the increase in activity."

The Vietnam war, the new Administration's economic policies, and action to be taken on the income tax surcharge were frequently mentioned by those polled as major unknown factors that could have a significant effect on the economy next year.

It's easy to place a classified—Just dial 395-4111.

No Single Solution For Farm Problems

No one federal program will solve all of the problems of the American agriculture.

That point was emphasized in the national farm policy information conference held during the recent annual meeting of the Illinois Agricultural Association in Chicago's Sherman House.

Various phases of farm policy—past and present policies as well as future alternatives were discussed by J. Carroll Bottom, assistant head of the Purdue University department of agricultural economics, George E. Bradow, professor of agricultural economics at Pennsylvania State University, and Hyde H. Murray, assistant counsel of the United States House of Representatives Committee on Agriculture.

"Farm price and income policy is significant only to commercial farmers," Professor Bradow pointed out. "The important issues are the farm's role in the economy."

He said the farm's role in the economy is being re-evaluated, and that the farm's role in the economy is being re-evaluated.

He said the farm's role in the economy is being re-evaluated, and that the farm's role in the economy is being re-evaluated.

He said the farm's role in the economy is being re-evaluated, and that the farm's role in the economy is being re-evaluated.

Assistance Available For Police

Ray Page, Illinois superintendent of public instruction, today announced that financial assistance for on-the-job training for police officers is available through the state office.

The project is part of a nation wide program outlined by the Veterans' Administration under the G. I. Bill.

Page said that policemen who are eligible veterans will receive monetary benefits over and above their salaries while learning their jobs. He said one of the objectives of the program is to assist police agencies in recruiting new employees.

Benefits available are:

First 6 months:

No dependents \$80; 1 dependent \$90; two or more dependents \$100.

Second 6 months:

No dependents \$80; 1 dependent \$70; 2 or more dependents \$80.

Third 6 months, no dependents, \$40; 1 dependent, \$50; two or more dependents, \$60.

Fourth and any succeeding six month period: no dependents \$20; 1 dependent, \$30; 2 or more dependents \$40.

Police Department Officials may write: Ray Page, Illinois Superintendent of Public Instruction, State Approving Agency for Veterans' Education, 310 South Second Street, Springfield, Illinois 62706.

Cardinal Announces Pledges

John Cardinal Cody, Archbishop of Chicago, announced that as of Nov. 30, 1968, over \$22,000,000 had been received in cash on the pledges made to PROJECT: RENEWAL.

The pledges to the project now total \$43,250,000.

In making the announcement of the cash funds collected Cardinal Cody also announced that \$15,833,777 of the funds collected had been directly expended or committed on the programs outlined at the outset of PROJECT: RENEWAL.

PROJECT: RENEWAL is the fund-raising program launched by Cardinal Cody in January of 1967 with a goal of \$40,000,000.

The program was conducted to provide funds for education, construction, and services on the Archdiocesan level as well as providing funds for the individual parishes to enable them to carry on programs at the local level.

As part of PROJECT: RENEWAL each parish was to receive all funds over 50 percent of the target assigned to it.

Unsolicited Gifts Cause A Problem

Postmaster General W. Marvin Watson suggested three ways a family can handle the rising volume of unordered merchandise Americans receive during the holiday season.

"If you don't want an unordered item—such as ties, greeting cards, pen and pencil sets or auto key rings—put the merchandise aside for a reasonable period of time, and if unclaimed, dispose of it."

"Another way," Postmaster General Watson said, "is to refuse to accept a package you believe contains goods you didn't ask for. Just write 'Refused—Return to Sender' on the package and put it back into the mails."

"If a person uses an item, he is legally obligated to pay in most states. However, New York and Illinois have enacted legislation which makes such items an 'unconditional gift.'"

"We have found that unordered shipments trouble many postal patrons," the Postmaster General said. "Many families mistakenly believe they have two choices: Either send back a payment, or return the package and pay postage for its return."

In some instances, promoters attempt to collect by sending notices which suggest a family must pay for the unordered item. "Don't be troubled by these letters," Watson said, "because one might charge the mailer storage and handling costs."

CHRISTIAN SCIENCE CHURCHES

"Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all."

These words from the first book of Chronicles are part of the Bible Lesson-Sermon titled "Is the Universe, Including Man, Evolved by Atomic Force?" to be read in all Christian Science churches this Sunday. At First Church of Christ, Scientist, BEACON HILL, Rt. 173 & Harden, Antioch, Illinois, services will begin at 11 A.M. The community is invited to attend.

The following passage is from those to be read from the denominational textbook: "In the material world, thought has brought to light with great rapidity many useful wonders. With like activity have thought's swift pinions been rising towards the realm of the real, to the spiritual cause of those things which give impulse to inquiry. Belief in a material basis, from which may be deduced all rationality, is slowly yielding to the idea of a metaphysical basis, looking away from matter to Mind as the cause of every effect." (Science and Health with Key to the Scriptures by Mary Baker Eddy).

The program was conducted to provide funds for education, construction, and services on the Archdiocesan level as well as providing funds for the individual parishes to enable them to carry on programs at the local level.

As part of PROJECT: RENEWAL each parish was to receive all funds over 50 percent of the target assigned to it.

"Silent Night, Holy Night"

Christmas is more than fun of exchanging gifts and the happiness of family reunions... it is the commemoration of a birth that occurred almost 2,000 years ago... a birth that brought new hope to men. That hope is renewed each year with the celebration of Christ's birth. In the spirit of that hope let us come together in joyful worship and praise of God's love and mercy toward men.

Business Activity To Go On

Illinoisans can look forward to a continued high level of business activity in the state during the year ahead.

This optimistic forecast is the consensus of key business leaders from all parts of the state, according to Francis E. O'Connor, chairman of the 100-member Economic Development Committee of the Illinois State Chamber of Commerce.

In announcing results of the survey of committee members, O'Connor reported there was near unanimous agreement that economic activity would continue its trend upward during 1969.

O'Connor, senior vice president of Chicago Title and Trust Company, said the Illinois economy is ending 1968 on a strong note with employment and income rising, with prospects good for a continuance of the advance in 1969.

"Employment rose only about 1 per cent in 1968, somewhat less than the national increase," O'Connor said. "In part this reflects the relatively greater pressure on the Illinois labor force. Unemployment averaged less than 3 per cent in the state, compared to about 3.5 per cent for the nation."

He noted that construction activity continued to be limited by shortages of skilled workers, particularly acute in the Chicago area. The Chicago housing market, he said, is probably the strongest for any large city, and a high level of housing starts, especially apartments, is almost certain in 1969.

O'Connor said trends in orders for capital goods, and surveys of business spending intentions suggest an upswing in output of the important Illinois machinery and equipment industries. Construction equipment demand is likely to increase in line with higher construction activity, and demand for farm machinery, somewhat depressed in 1968, is expected to revive.

The State Chamber spokesman observed that soybean crops were at record levels in Illinois this year and production of meat animals increased sharply. The resulting downward pressure on farm prices has reduced income somewhat, and the upward trend in farmland values appears to have leveled off. Nevertheless, the farm economy continues to be vigorous.

In summary, 1968 was a record year for the Illinois economy. If generally favorable forecasts for the nation are realized in 1969, the diversified Illinois economy can be expected to share in the increase in activity.

The Vietnam war, the new Administration's economic policies, and action to be taken on the income tax surcharge were frequently mentioned by those polled as major unknown factors that could have a significant effect on the economy next year.

It's easy to place a classified—Just dial 395-4111.

No Single Solution For Farm Problems

No one federal program will solve all of the problems of the American agriculture.

That point was emphasized in the national farm policy information conference held during the recent annual meeting of the Illinois Agricultural Association in Chicago's Sherman House.

Various phases of farm policy—past and present policies as well as future alternatives were discussed by J. Carroll Bottum, assistant head of the Purdue University department of agricultural economics; George E. Brandow, professor of agricultural economics at Pennsylvania State University; and Hyde H. Murray, assistant counsel of the United States House of Representatives Committee on Agriculture.

"Farm price and income policy is significant only to commercial farmers," Professor Brandow pointed out. "More important human problems are culture, but solutions must be sought in employment, education, and welfare policies."

Professor Brandow said that modern agriculture has a substantial excess production capacity. This capacity reflects, mainly, excess land ready to produce crops and too many people trying to make a living in agriculture.

Professor Bottum said the cost of adjusting the agricultural

A Happy Christmas To All Our Readers

Antioch Whips Round Lake, Victimized By Lake Forest

For the second week in a row Antioch played a contender and came out victorious. Last week the Sequoits topped Warren.

This week Round Lake fell victim to Antioch's cagers. But this week it was a real battle.

The final score was 58-56 thanks to two free throws by Rod Boswell with only five seconds left.

The game was very close all the way. Round Lake lead through the first quarter, one time by as much as five points. But a jump shot by Dave Camp and two lay ups by Keith Bolton put Antioch ahead 13-12 by the end of the quarter.

The second quarter saw the see-saw battle continue but ended with Round Lake leading 26-24.

Steve Owens did the brunt of Antioch's scoring in the period with seven points.

In the third quarter the play continued tight and tense. The teams exchanged basket after basket with Antioch finally taking a one point lead—46-45—as the quarter ended.

The fourth quarter was frustrating as neither team could find the range. Round Lake could manage only four baskets and Antioch three during the final stanza.

Clutch free throws including the final two by Boswell accounted for the final margin of points. As an indication of how hectic the game was, consider the fact that with the score tied 56-56 Round Lake had possession of the ball. They called time out and tried to set up a play.

As the players made their cuts to receive the throw in, Boswell was fouled by Keyson. His two conversions ended the game.

Coach Andrews was full of comments on the game. "I think we can thank the Good Lord for this win. Things certainly looked black when they had the ball and only five seconds remained. I couldn't think of a way we could score but we did."

Coach Andrews praised the team for its better ball control. Antioch had only 14 turnovers while Round Lake had 32.

And he credited Dave Camp with another good job. Dave scored 19 points and held Round Lake's Cliff Wallwin to only three free throws.

"Dave did a great job on Wallwin who has been averaging about 16 points a game," commented Andrews.

"Keith Bolton also continued to look good. He scored 17 points and lead the team with 12 rebounds.

The line scores:

Antioch:	FG	FT	F	PTS.
Camp	8	3	2	19
Owens	4	1	1	9
Boswell	4	3	4	11
Bolton	7	3	4	17
Martin	1	0	4	2
Totals	24	10	15	58

Round Lake:	FG	FT	F	PTS.
Prorok	2	2	4	6
Wallwin	0	3	5	3
Birch	4	0	0	8
Nicholls	1	2	0	10
McCarthy	11	3	1	25
Keyson	1	2	1	4
Totals	22	12	11	56

Antioch 13 11 22 12-58

Round Lake 12 14 19 11-56

ANTIOCH-LAKE FOREST

Trailing from the beginning, the Antioch Sequoits lost to Lake Forest 64-50. The fighting Sequoits were anything but fighting Sequoits, they were flat, tired, displayed no enthusiasm, like a championship ball club. This, by

far, was the poorest game of the season for the Sequoits.

The first quarter was slow, as neither team had any real spark. The Sequoits were behind 8-2 when they shifted to a zone defense. In the next couple of minutes they did close the gap to 10-7 by the end of the quarter.

In the second quarter, Lake Forest was able to get the ball inside to 6'4" Hodgkinson for some easy baskets and the Sequoits fell farther behind 29-20 at half time.

During the first half, Dave Camp carried the scoring burden for the Sequoits with 10 points.

In the third quarter, the hapless Sequoits just failed to function at all, as the Scouts opened up a 15 point lead early 39-24. At this point the Antioch Sequoits were whipped Indians, as Lake Forest just dominated the play the rest of the game.

With two exceptions, the fine general all round play of Dave

Camp and the steadily improving play of sophomore Keith Bolton, the Sequoits didn't have any other players on the floor. Two reserves, Fred Koch and Jim Weiss put a little spark into the Sequoit attack in the fourth quarter.

Stated Coach Andrews: "This was by far our worst game, let's hope it's our last. We sure didn't play like champions. This week will be different and much better I am sure, the boys aren't satisfied with second or third—first is their goal and we will be out to prove that Thursday evening."

Top rebounders for the game were Donohoe with 11, Hodgkinson with 10 for Lake Forest and sophomore Keith Bolton with 11 for the Sequoits. For the second straight game the Sequoits were out-rebounded, as Lake Forest had 38 to 29 edge. Shooting edge also went to Lake Forest, as they shot 47%, making 26 of 55 attempts, the Sequoits shot a 45%, hitting 21 of 48 attempts. Turn-

overs again were a big factor as the Sequoits turned the ball over 20 times to only 10 for Lake Forest.

He Gets Deer Two-Hours After Opening

Stanley Winecki, of Rt. 5, Box 237A took only two hours on Nov. 22 to get his deer.

Winecki left Antioch at 3 a.m. and arrived in Freeport where he had a three-day permit, about 8 a.m.

Two hours later Winecki dropped a 170 pound deer and headed for home.

Speedway Paves Stock Car Track

The Waukegan Speedway has been paved in preparation for the 1969 and subsequent stock car racing seasons. This marks the biggest single advance in the twenty-plus year history of the quarter mile oval.

In making the announcement, promoter Gordon Sill stated that the improvement program will include hard-surfacing of the pit area and the spectator walkways. An additional concession stand and the new track contour are already complete.

"Dirt track racing has become so expensive for both the promoter and the competitor that we feel we can offer better racing on asphalt," said Sill. "The obvious advantage will be the smaller number of rainouts, which will benefit the competitors and fans alike."

And Sill should be familiar with rainouts as the elements have forced cancellation of 26 programs in the past two seasons. "Last year the Speedway ran 443 competitive events—which is bound to punish even the best prepared clay surface. The Saturday-Sunday night schedule also limited the track maintenance time, especially in poor weather."

The track itself underwent over one month's preparation at the conclusion of the racing season. The track was widened, both down the straightaways and through the turns, and the angle of bank in the turns was increased.

Then the entire track drainage system was cleaned, repaired and replaced where necessary. Finally, with a suitable solid base assured, the first asphalt was laid on Nov. 2.

The Skokie Valley Asphalt Company was the contractor. Two layers of Bituminous Asphalt Material (B.A.M.) were applied to the track and then the surface was dressed with a fine layer of high-grade asphalt. The asphalt thickness varies from five to seven inches under the 6000 square feet track surface.

With the asphalt surfacing completed, the infield was leveled and reworked and the drains were completed. The base for

the hard-surfacing of the pit area was being laid as winter weather KO'd further work.

Sill has tentatively announced the schedule for early 1969 which will start with the annual owner-driver meeting Sunday afternoon, March 2, at the Lake Villa VFW Hall. The first racing is slated for Saturday night, April 12 as the late model stocks rewrite the record books.

The modified division will first see action on Sunday night, April 13, according to present plans. Hobby stock events will be included on both nights.

The exact Speedway schedule and the weather conditions can be checked again this year by calling the track answering service at 312-662-8200 after April 1. The first race will go to the line at 8 p.m. with time trial runs preceding.

Sportsmen Bag 7,866 Whitetails

Sportsmen reportedly bagged 1,773 deer during the last half of the 1968 season, according to the Illinois Department of Conservation. The deer season was divided into two three-day weekends, Nov. 22-24, inclusive, and Dec. 6-8, inclusive.

Unofficial total for the entire season is 7,866 whitetails. This is 1,253 more than were harvested last year during a continuous six-day season. This year's total is 499 animals higher than in 1966, when hunters last had an opportunity to stalk whitetails over two weekends.

It wouldn't be a bad idea to put the designers of bathing suits in charge of cutting governmental budgets.

29th Annual Tournament Is Scheduled

Barney Hochstadter's 29th annual "Original" Junior Individual Six-Game Classic for bowlers with league averages under 186, will be held over 18 week-ends, starting Feb. 1, in Humboldt Bowl, 3239 W. North ave., Chicago. First prize will be \$10,000 based on an estimated entry of 3,000 contestants.

For the first time, women will be allowed to compete. The meet will be under the direction of Rudy Rudak, a veteran tournament conductor, who has assumed the post from Marge Early.

The six-game meet is across 12 lanes. It is sanctioned by the American Bowling Congress and the Woman's International Bowling Congress.

In addition to the week-end dates, there will be squads at 2 p.m. or 4 p.m. week days to accommodate sponsors of full squads of 24 bowlers.

Reservations for choice dates and squad bowling times are now being accepted by mail and phone. Anyone wishing to obtain entry blanks, may also contact Director Rudak, writing him c/o Hochstadter's Classic, Humboldt Bowl. Or phone him at (312) 772-5959, (312) BE. 5-6000, and BE. 5-6601.

Reservations will close on Jan. 11. Last day to enter the popular tournament, which offers the richest prize fund for bowlers with restricted averages, will be Jan. 18.

In the previous 28 Hochstadter meets, bowlers have won \$1,601,315 in cash prizes.

Once upon a time only Washington's Face was on our money. Now Washington's hands are on it, too!

\$10,000 In Prizes At Snow Derby

Ten thousand dollars in cash prizes are guaranteed to winners of closed course and speed-obstacle races, other than the world's championship finale, when the Eagle River Lions Club sponsors its world-wide famous snowmobile derby, Jan. 17 and 19 at this well-known Vilas County, Wisconsin resort city.

Drivers competing in the world's championship match race, qualify on Wednesday and Thursday, Jan. 15-16, and race for a separate cash purse. The match race is a 3 p.m. feature on Sunday, Jan. 19.

In the regular races on the rugged, partially-wooded speed-obstacle course, and over the challenging and sporty quarter-mile banked oval, both stock and modified machines will compete. The Eagle River entry is limited to 350 modified and 150 stock snowmobiles.

Cash pay-off by class in both modified events is as follows: class 1—\$300, second, \$180, third, \$120; class 2—\$500, \$300, \$200; class 3—\$600, \$360, \$240; class 4—\$700, \$420, \$280. In the stocks, all four classes, A-B-C-D, and for both events, the pay-off is the same, \$100-\$60-\$40.

Entry blanks and information are available by writing Peter Anderson, Jr., registration chairman, World's Championship Snowmobile Derby, Eagle River, Wis., 54521.

WHAT HAS HAPPENED TO RESPECT FOR FLAG

"We are inclined to believe that it was simply ignorance that found too many people, including many high school age youths, who didn't bother to stand up when the American Flag passed them during the Legion Parade Sunday.

"What has happened to us? Where is the spirit of patriotism? Why this failure to respect that great symbol of democracy—our flag?

"It seems to us it is high time parents and school officials alike begin teaching the youth of this nation the reasons for the flag

Gunners In For Treat At McHenry

Area smooth-bore gunners are in for a holiday shooting treat at the McHenry Sportsmen's Club two prize shoots at the club's trap range on the west side of Pistakee Bay.

The first of the pair, a Christmas Rabbit Shoot, will come off Sunday, Dec. 22, at 11 a.m. Prime domestic rabbits, all cleaned and ready to pop into the oven, will be the top prize of the day. No tramping through the fields in pursuit of the wild bunny—no skinning, drawing or removing shot—just a lot of shooting fun and good eating rewards. JoPat tender-aged steaks and young chickens will fill out the prize menu.

Another treat for the shotgunners is the club's newly installed International type trap which will be unveiled at this meet. Shooters may compete for prizes under Modified International Clay Target Rules.

In this type of event targets are thrown at the usual angles, but the heights vary from four feet above the ground to twelve feet. Most trapshooters consider this the sportiest kind of shooting.

The second section of this Holiday Special, a New Year's Day Shoot on Wednesday, Jan. 1st, from 11 a.m. until dark, is the club's biggest and best attended event of the year. All of the special and regular contests will be on the day's program, including the "equalizer" Hi-Lo and White Bird Shoots.

and what it means.

"As President Woodrow Wilson said in 1917, 'The flag which we honor and under which we serve is the emblem of our unity, our power, our thought and purpose as a nation. It has no other character than that which we give it from generation to generation. The choice is ours.'"—The Vandalia Leader.

AAA Raps Feds

The 11-million member American Automobile Association has voted to step up its campaign against the penalty provisions in the Federal Highway Safety Act and against roadside advertising which conflicts with the basic safety and efficiency of a highway.

Gerald W. Cavanagh, president of the Chicago Motor Club-AAA and a member of the AAA policy committee, said that more than 1,000 delegates attending the 66th annual AAA national meeting in Buffalo, N. Y., went on record against the tactics of withholding all or a part of Federal-aid highway funds from those states which fail to conform to all Federal traffic safety standards.

"Such punitive measures impair the capability of states to meet basic requirements," said Cavanagh. "Instead of penalty clauses in the Federal Highway Safety Act, efforts should be made to develop incentive programs to stimulate and accelerate such Federal programs. The ability of states to finance basic highway safety programs cannot

be corrected by further reducing funds available to implement such programs. Such practices can only lead to less rather than more safety."

The AAA delegates also passed a new resolution calling for adequate regulation and control of all roadside advertising either by local ordinance or state law. The AAA resolution emphasized that obstructions to the driver's view or distractions which prevent an early identification and understanding of official directional or informational signing reduces the efficiency of a highway and presents a traffic safety hazard.

The AAA convention also urged the enactment of legislation requiring tire manufacturers to notify purchasers of tires which are defective and establishing programs to recall such tires.

Cavanagh pointed out that while auto manufacturers are required to recall defective vehicles there is no such requirement of tire manufacturers.

Complaints from motorists indicate some tires have manufacturing defects, yet there is no program by tire manufacturers to notify the public of such defects or to ask that such tires be recalled.

It is estimated that 30% (1 out of 3) American teenagers smoke and that 4,000 teenagers try smoking for the first time every minute.

Williams Resubdivision; thence North 84 degrees 56 minutes East 32.6 feet

Scholarship Contest Announced

The Illinois Editors' Traffic Seminar has announced that ten \$500 Chicago Motor Club scholarship grants will be awarded to winners of the Seminar's third annual traffic safety essay contest.

All Illinois high school seniors are eligible to submit essays on the topic "Responsible Driving—Is It My Concern?" The original essays are to be 500 words or less and must be submitted to Seminar Headquarters, 66 East South Water Street, Chicago, Illinois 60601, postmarked no later than Dec. 31, 1968.

Gerald W. Cavanagh, president of the motor club, in authorizing the scholarship grant for the third consecutive year, said "The Seminar contest is an intelligent approach to accident prevention because it is encouraging the coming generation of drivers to think about traffic safety. This involvement in traffic safety among the next generation of drivers is essential if we are to reverse our mounting highway death and accident toll."

The Seminar essay contest is open to all Illinois high school seniors and has been endorsed by Ray Page, Illinois superintendent of public instruction; by Harry Fitzhugh, executive secretary of the Illinois High School Association; and by leading Catholic, Lutheran and Jewish high school officials throughout the state.

Robert M. Fleck, Seminar president and chief editorial to the intersection of the North line of Liberty Street with the East line of Fox River Road; thence North 84 degrees 56 minutes East along the North line of Liberty Street, 289.2 feet; thence North 1 degree 07 minutes 13 seconds West 158.15 feet; thence Westerly 208.82 feet to the place of beginning, in Lake County, Illinois.

All persons desiring to appear and be heard for or against said rezoning may appear at said hearing and be heard thereon. Dated this 17th day of December, 1968.

VILLAGE OF ANTIOCH

GOOD EYE?

STEADY HAND?

Here's an apprentice opening that offers some young man a great opportunity. Requires much the same skills as drafting, except it is more interesting and pays better.
If you have your military service behind you, are a high school graduate and would like a clean interesting and steady job, just reach for the telephone and call: 587-2177.
